

Summer of 2017 Week 1 Update

A Note from the Mr. Grady:

Our first week at ADC has come to an end! We have phenomenal weather to start our season. The campers are all having a great time. Here's just a little bit of what campers have been doing:

- **Swimming** – Campers are working on their swimming strokes with Frank & Frank and our lifeguards down at the pool. Your camper will arrive home with a progress sheet at the end of each week. Be sure to check out how your camper is progressing!
- **Creation Station** with Mrs. Vlad - Campers have been working on completing campus-wide scavenger hunts and learning to work as a team in order to complete various challenges.
- **Music** with Mr. Squillante – Campers are singing patriotic tunes as well as camp favorites providing the sounds of our summer.
- **Discover Technology** - Our 2nd Grade Jet Setters are constructing "fold and roll" racers. Our Globe Trotters created rubber band propulsion cars and are preparing to build alpha rocket systems. Our Navigators are using the laser cutter to make personalized clipboards.
- **Dance and Movement/Storyland** with Mrs. Briante and Mr. Smith - Campers are line dancing, doing the conga and playing limbo and freeze dance to their favorite tunes.
- **Science and Nature** with Mr. Ryan – Learning concept of balance to create hanging mobiles of their own design.
- **Sports** with Mr. Elliot, Mr. Briante and Mr. DiFalco – a new game has emerged and looks to be a new favorite among our campers. Soccer Kickball has the campers running all over our sports fields!
- **Coding Corner** with Mr. Carballo
Our campers have been creating worlds in Minecraft and prepping for video game creation using the Google CS Curriculum and Scratch Programming.
- **Art** with Mr. & Mrs. Dudzinski - creating museum-quality artwork with summer and patriotic themes. Our youngest campers are creating hand flags while others are making bug jars.
